This is a great opportunity for someone to join our Design Technology Department here at The Mirfield Free Grammar working as a DT Technician. The successful candidate will provide help and support to both students and staff within the classroom/work room.

The main part of the DT Technician's role will be to set up the classroom prior to lesson checking that all materials and apparatus required are set and ready for demonstrations and for practical work. In addition, you will be required to ensure that all work areas are clean and safe, and that all equipment is cleared away safely.
